FARMERS TO ASK HARDING'S HELP IN RATE FIGHT

Conference Decides to Take Matter Direct to President.

Delegates Dissatisfied With Results of Meeting With Officials.

Washington, April 20.—Farmers from all parts of the United States meeting here today under the auspices of the National Farmers Union decided to take their fight for a reduction in freight rates direct to President Harding. This decision was reached after spokesmen for the farmers had conferred with members of the inter-state commerce commission to urge lower rates. The delegates apparently were dissatisfied with the outcome of this conference.

In opening the conference, Charles S. Barrett urged the creation of a joint congressional committee to inquire into and suggest remedial measures for the agricultural situation. Declaring agriculture in America was going rapidly toward the habit of the "halt, the lame and the blind," Mr. Barrett asserted "what agriculture wants is an opportunity to help itself."

"Money and credit" have been denied farmers despite the fact "that more money was available in 1920 than in any previous year," Mr. Barrett said, adding:

"It is a notorious fact also that agricultural organizations have not been afforded by the transportation systems of the country the facilities given corporations to distribute the products of the farm."

Mr. Barrett urged immediate enactment of co-operative enabling laws in a "generous spirit and without nullifying reservations."

Charging that "some interests of this country are attempting to nullify or destroy the usefulness of the federal trade commission by legislation or in other ways," Mr. Barrett recommended selection of a farmers committee to investigate the situation.

"I have asked congress," he said in conclusion, "to undertake the task of finding out what is wrong with agriculture and how wrongs when they are discovered can be righted."

VIVIANI RETURNS TO FRANCE AFTER VISIT

New York April 20.—Hene Viviani, who has been in this country nearly a month as special envoy from the French government, boarded the steamship France shortly before noon today to return to his native land.

Aside from expressing general satisfaction over his trip, officially and socially, the former French premier made no statement.

GIVE 7 BANDITS WARM RECEPTION

Detectives Get Tip on Robbery and Lie In Wait—One Wounded, Five Captured.

Cleveland, April 20.—One bandit was shot and five were captured in a gun fight tonight between police and a band of seven men who attempted to hold up the plant of the Interstate Chemical company here today. Acting on advance information that a robbery was contemplated a squad of city detectives were concealed in a closet when the bandits drove up in a motor truck and entered the company's office with drawn revolvers.

When Miss Ruth Kaminsky, bookkeeper, screamed at the command "hands up" the officers sprang out. The robbers ran for the door with the detectives in pursuit, the officers opening fire.

When the fusillade began five of the robbers surrendered. The other two, however, drew revolvers and returned the fire. One of the pair was wounded and taken to the hospital.

The Interstate Chemical company was robbed of \$1,500 worth of alcohol two months ago by five men who operated in a fashion similar to today's attempt.

AKRON SUICIDE IS NOT NEWARK MAN

Jim Cunningham of South Fifth street has returned from Akron where he went Saturday in an effort to identify a young man who had suicided there as his son. He found that the man was not his son, as had been reported to the Akron police by a mysterious woman who visited the morgue after the death. Mr. Cunningham stated that the efforts of the Akron police to identify the man have proved unsuccessful.

ASKS POLICE CHIEF TO RESIGN JOB

Dover, April 20.—A. F. Maxwell, chief of police of Denison today was requested to resign by County Prosecutor Russell Bowers as the result of recent liquor raids conducted by county officials.

This is the second request for the resignation of a chief of police in Tuscarawas county recently. Chief of Police Estieh, of New Philadelphia, resigning last week by request of county officials.

BEAUTY SAYS SHE IS 'COMMON LAW WIFE OF SMELTER

Helen Card Schutz.

Helen Card Schutz, known for her beauty on the stage some years ago, is suing Bernard Schutz, millionaire iron man of New York, for separation. She has asked for temporary alimony and counsel fees pending outcome of the suit. She says she is Schutz's common law wife and charges cruel treatment and finally abandonment. Schutz denies the common law charge.

HOUSE PASSES RIPPER BILL

Opposition Vanishes During Caucus of House Members—Taber Opponents Are Pacified.

Columbus, April 20.—With the administration reorganization code finally passed through both houses of the assembly, the two branches were expected to devote their time to the consideration of higher measures and committee work on the general appropriation bill, the elections code and the senatorial redistricting measure.

Opposition to the reorganization bill among house members vanished yesterday even before the majority caucus, and the senate amendments were concurred in and the emergency clause readopted with precisely the same vote as they had originally received. The uniform role taxation advocates were opposing the appointment of L. J. Taber, State Grange master, as director of the department of agriculture, declared that they had received "satisfactory assurances" from Governor Davis, but Mr. Taber's friends countered with a declaration that they had seen the utility in attempting to block concurrence in senate amendments and gave in on their own accord.

NEW LEXINGTON GIRL'S ELOPEMENT IS ENDED

Cincinnati, April 20.—I do not understand why I am arrested. My parents have no objection to my marriage and knew all about our plans for eloping. Mildred R. Hodes, 17, New Lexington, Ohio, went yesterday as she made this statement in the juvenile court after probation officers had taken her from a train at the Central Union depot.

With her was a young man, registering as Thomas Hershall, 21, of Springfield. He was detained.

The young couple was met at the request of the probation officers of New Lexington, Ohio.

The girl will be held until the mother arrives, and if she consents to the wedding, it will be permitted.

TOLEDO POLICE FIND NEWARK MAN'S CAR

Chief of Police Sheridan received word this morning from the chief at Toledo that the Buick touring car which was stolen from C. C. Priest of 381 East Main street a week ago Friday, had been recovered in Toledo.

Chief Sheridan placed the credit for the recovery of the car to the fact that Mr. Priest immediately ordered cards announcing the theft to all centers of Ohio.

JAPS WILL NOT ALTER POLICY TOWARD YAP

Tokio, April 20.—The cabinet yesterday decided there was no reason to alter Japan's policy on the Yap mandate question because of the recent American note on the subject, according to the Nichi Nichi today.

OFFERS BILL TO ELECT CONGRESS TO FIX TAXES

Cincinnati Solon Suggests Elected Board of 125 Members.

Bill Provides That Members Meet In January 1922.

Columbus, April 20.—Representative Lipp, of Cincinnati, offered a bill in the legislature today providing for the election by the people of an Ohio tax congress to solve the taxation problems of the state. His measure provides that the delegates be elected in the same manner as state representatives and that the same number be selected to meet in Columbus on the second Tuesday in January, 1922.

The proposed tax congress would have no authority to enact laws. Its province would be to study the taxation question and recommend laws to the general assembly for enactment, or constitutional amendments to the people for ratification.

Its purpose as specified by the bill is "to secure and present information to general assembly on the subject of levying taxes or the raising of other public moneys and the expenditure by the state or any subdivisions thereof."

The delegates would be elected at the November election this year.

They would convene at the beginning of the lower house of the assembly. They would receive no compensation but would receive traveling and other expenses. An appropriation of \$50,000 would be made to defray expenses of the congress.

Though the congress would meet in the hall of the house of representatives, it would be empowered to hold sessions in other cities also. It would be required to report its findings and recommendations not later than April 30, 1922.

Representative Lipp said the idea is his own and that he has not yet conferred with Governor Davis and legislative leaders on the proposed plan.

It became known today that Governor Davis is to exert his influence in attempting to have the present assembly, which now appears to be deadlocked on the taxation question, work out some permanent solution before it adjourns.

He conferred today with a number of legislative leaders on the question and told them that he considers "the solution of the taxation question to be a task which, in importance, by far overshadows all others confronting the state government," and that "the legislature should make every effort to have this problem satisfactorily settled before adjournment. The members of the assembly should remember that they are definitely pledged by the Republican platform to the enactment of a permanent equitable taxation system, and the people of Ohio look to them to fulfill that pledge without fail."

GERMANS WILL REJECT PROPOSAL

Head of Berlin Bank Says Removal of Gold Would Work Havoc With Economic Interests.

Berlin, April 20.—While the German cabinet has not yet indicated the nature of its reply to the reorganization commission's demand that the German gold reserve be transferred to some point in the occupied zone, President Haverstein of the Reichsbank and the financial writers summarily reject the proposition. They take the ground that the gold is not only the property of a private bank but that its removal from Berlin under the conditions named would result in the collapse of German currency at home and abroad.

The expert assert that such a proceeding would work havoc with German economic interests and promptly result in an advance of all commodities to fabulous prices. President Haverstein declares serious consideration of the proposition by the cabinet would be a mere waste of time, and doubts whether any government could be found in Germany which would accede to the committee's demand.

MISSING YOUTH IS KILLED BY OFFICER

Youngstown, April 20.—Roy Knight, aged 19, of Youngstown, who has been missing from home for two months is dead in Beaver Falls, killed by a policeman who fired after Knight's motorcycle after it had run the officer down. A 15-year-old East Youngstown girl, whose name police withheld, and who has been away from home for nine days, is still missing.

These facts are the result up to today of the police investigation into the disappearance of Knight. Reports that Knight was living with a young girl in the woods near here, without shelter except mattress and a few blankets. When they awoke Sunday morning, the pair was missing, presumably driven out by the heavy rains of Saturday night, but the mattress and blankets were found. A telegram from Beaver Falls to police today told of Knight's death there last night. A male companion, believed to have been wounded escaped.

No trace has been found of the missing girl.

Licenses plates on the motorcycle were found to have been stolen in Cleveland, police say.

BOY IS DROWNED.

Zanesville, April 20.—William C. Baxter, 9 year old son of Mr. and Mrs. A. J. Baxter was drowned in the canal of boys to test the water to see if it were too cold to go swimming. In wrestling on the pier he fell in the canal and being unable to swim, drowned.

HOUSE WRECKED, FAMILY UNHURT, STOCK KILLED BY TORNADO

Tornado kills livestock, wrecks house; family unhurt. When the recent tornado which swept through the south and west hit the farm of Oscar Norseen, seven miles east of Texarkana, Ark., it completely wrecked the Norseen home, leaving it a flattened pile of lumber. The family, in the house when the tornado hit, escaped unhurt, but every head of livestock and all the chickens on the place were killed.

ARMY COMMANDER IN OVERALLS WORKS BESIDE DOUGHBOYS AT LEGION CLUB

San Francisco, April 20.—A white haired elderly man dressed in blue overalls yesterday entered a building here which is being converted into a club house for the American Legion, looked around and then accosted the man in charge of the volunteer workers.

"I heard you were trying to fix up things for your opening party April 27?" he said. "Can I help?"

"Sure, pitch in," was the answer.

The elderly man "pitched in" with hammer, saw and broom. For several hours he worked in silence among the volunteers until he was interrupted by the hail: "Why, General, how long have you been here?"

Former soldiers, sailors and marines looked wonderingly at the man in overalls. Then they recognized Major General Hunter Liggett, former field commander of the First American army overseas and until his retirement several weeks ago, commander of the Ninth army corps area.

GAS MASKS FOR SHIP IS LATEST

Scientist Discusses Possibilities of Gas Warfare in Future Conflicts—Intelligent Nations Will Win.

West Point, April 20.—A plan for the protection of battleships at sea against an enemy's poisonous fumes by the installation of a "gas mask" for a whole ship was outlined in an address to officers and students of the military academy here today by Professor W. Lewis, head of the chemistry department of Northwestern University and inventor of the deadly gas "Lewisite," perfected just as the world war closed.

"We face the possibility in the naval warfare of the future of armor-piercing, toxic and tear-shell, smoke screens, toxic-smoke clouds and invisible toxic fumes," said Professor Lewis.

"We also consider in this connection parallel defensive measures such as a gas mask for a whole battleship."

"Gas weapons are capable of much finer adaptation to purpose than explosive weapons and the future will see worked out a great degree of scientific refinement in the development of gas weapons for all of military operations."

"Further battles will not be the strong but to the superior in intelligence. Warfare will become less a matter of brute strength and relative man power, and more and more a matter of scientific acumen. Battles will be shorter and more decisive and hence innocent population will suffer less."

Professor Lewis declared that the prevailing impression of the uncivilized world by which the humanitarianism of any particular method might be judged are First, the efficiency of the method to produce widespread casualties, second, the per cent of deaths among the wounded and finally the completeness of recovery of the wounded.

"The efficiency of toxic gas to produce widespread casualties was amply demonstrated in the last war. As to the test of humanitarianism, the death rate from bullets and shrapnel wounds in the last war among American soldiers was in round number 24 per cent, and from gas wounds two per cent, the British rate running about two and one half per cent. Thus a soldier wounded from gas has 12 times the chances of recovery over a soldier wounded from shrapnel, without the chance of permanent disfigurement."

COLUMBUS SALOONIST KILLED BY ROBBERS

Columbus, April 20.—Police and county authorities today redoubled their efforts in an attempt to unearth some clue which might lead to the arrest of the person or persons, who last night shot to death Sam Held in his soft drink cafe, near the driving park. He was alone at the time. Almost \$100 was taken from the cash register.

Persons nearby who heard the three shots rushed to the cafe where Held's body was found lying behind the bar. No one was seen to leave the building, according to the sheriff's report. More than \$700 which Held had on his person was not disturbed.

COLUMBUS BUSINESS MAN DIES.

Columbus, April 20.—Aureolus B. Adair, aged 63, president and treasurer of the Jones-Valter company, died at his home here today. He was born at McConnellsville.

ENGLISH MINERS WANT WAGE BOARD AND WAGE POOLS

Unions Hold Meetings Preparatory to Big Conference Friday.

Urge Levy Against Each Ton of Coal to Be Placed in Fund.

London, April 20.—Demands for the establishment of a national wage board and a national wage pool have been reaffirmed by large majorities by district committees of miners throughout the country. It is claimed by the Daily Herald, the organ of labor, that the new paper claims that these meetings which were held preparatory to the conference of Miners' Federation of Great Britain hereon Friday, stood 14 to 1 in favor of the demands of the union.

A statement was issued by the miners' federation last night declaring that Prime Minister Lloyd George's address in the House of Commons on Monday did not carry the possibility of a settlement any further than it stood last week. The statement declared that George "has not yet grasped the essential features of the national wage pool," and that he is "obsessed by the view that the miners demand a pool of profits, whereas their proposal is remote from the averaging of profits."

It is suggested that there shall be levied a certain amount on each ton of coal, this money being used for the purpose of establishing the wage pool. It is proposed that the sum levied should be figured as one of the elements of the cost of production. The statement asserts that this method of providing funds for the pool is perfect, whereas the miners' demand is remote from the averaging of profits.

British mine owners who met in this city yesterday announced last night that the meeting had completed proposals which would be submitted in an effort to secure a settlement of the coal strike. These proposals, it was declared met many of the demands of the miners and would care for men who were unemployed.

It is improbable that the mine owners and coal diggers will meet before Friday and in the meantime the coal shortage is becoming acute in London and other large cities in England.

HUGHES URGES IMMIGRATION BAN

Tells House That Undesirables in Europe, Driven About Since 1914 Do Not Make Good Citizens.

Washington, April 20.—Recommendations of the state department for rigid restriction immigration, particularly as applying to what were described as undesirable classes from the Balkan states, Armenia, Russia and Georgia, were before the houses today pending debate on the immigration bill.

The measure as reported yesterday by the immigration committee is similar to that given a pocket veto by President Wilson and would limit admission of aliens for fourteen months beginning May 10 to three percent of each nationality in the United States in 1919.

The committee report, urging immediate passage of the bill was drawn in the light of a report to congress by Secretary Hughes pointing to conditions which it was said were stimulating a desire in many foreign countries for immigration to America.

Making special reference to "Armenians, Jews, Persians and Russians," the secretary's report said "all of these have been so driven hither and thither since 1914 that they cannot be regarded as desirable populations for any country." Strong exception to this conclusion was taken in a statement by Representative Siegel, Republican, New York, following a minority report on the bill submitted by himself and two other members of the committee.

With the house considering the immigration bill the senate today entered upon its last session of debate on the Colombian treaty. For previous agreement debate was to close at 4 p. m. with vote on amendment preceding final action. Proponents of ratification predicted a margin of at least six votes for approval.

TOO YOUNG TO WORK TOO OLD FOR SCHOOL

Chicago, April 20.—Held two young in years to be a wife and mother, and old in experience to go back to a school with other children so she may progress far enough to go to work under Illinois statutes, the case of Mary Prohownik, aged 14, and her baby was presented to juvenile court officials today by Miss Bess Sullivan, as states attorney. In July 1919, when Mary was 13 years old, she left her home here and went with Steve Danko to Detroit where they were married and their baby was born. Mary's parents took her away from her husband and brought her to Illinois, but found she could not work under the laws of the state, because although she was now 14 years, the legal age, she had only reached the third grade in school. Another law barred her from school because of her having been a mother, so she was taken to a police detention home while her parents cared for the baby and under a special dispensation the mother was permitted to go home evenings to see her child. Mary wants to go back to Detroit to her husband, but under the law she is too young to do so without her parent's consent.

PANAMA CONTINUES TO PREPARE FOR WAR

San Jose, Costa Rica, April 20.—Panama continues to make warlike preparations along the Costa Rican frontier, it is reported here. The Costa Rican government, it is asserted, is ready to enter into negotiations with Panama for the purpose of reaching a satisfactory solution of the boundary dispute between the two countries.

BLAST DISTURBS SLEEP CRACKSMAN ESCAPES

Waverly, April 20.—When a loud boom was heard early this morning, this village turned over on its side, the side yawned and went back to sleep. Proprietors of Downing's drug store found out what it was all about when they opened for business. Bits of glass door of the office safe were scattered here and there in the interior of the store.

The cracksmen got government stumps and cash in an undetermined amount. The explosion was plainly over the entire village, it was asserted.

ROTES PLAN TO ADVERTISE FILM

Motion Picture For Benefit of Crippled Children Will Be Given Publicity Throughout Licking County.

At the Rotary club meeting yesterday noon at the Masonic Temple plans were perfected by General Chairman George Pickup to push the picture "That Something" which will be presented at the Auditorium next Monday, Tuesday and Wednesday for the benefit of Licking county crippled children. Various committees were appointed to visit the surrounding towns and arrange there for proper advertising and sale of tickets. Reports made at the meeting indicate that the sale of tickets will be large.

President Rogers, E. C. Wright and C. H. Davis were appointed on a committee to take up with the Moose of the city the question of joint support of the Crippled Children benefit and the Moose review which will be presented at the high school auditorium May 4 and 5. The Moose lodge is raising funds for a home for orphaned Moose children and has offered 25 percent of the profits to the crippled children fund.

A letter from former congressman W. A. Ashbrook inclosing a generous donation to the fund was read by President Rogers.

The players with Domingo's musical extravaganza, who are playing at the Auditorium this week were guests of

THANKFUL HE WAS NOT A WOMAN

The late Lawson Tail, of England, the great woman's doctor, said he never went to bed at night without thanking heaven he was not born a woman. No doctor ever knew better than he what women have to suffer at some times of their lives. It was an American woman, long since passed to her reward, who introduced a combination of roots and herbs called Lydia E. Pinkham's Vegetable Compound, that has proved wonderfully successful in mitigating suffering and relieving diseases of women. It has brought relief to thousands of women who suffered from female ills.

Readers' Viewpoint

DEVELOPING THE SURROUNDING COUNTRY.

Editor of the Advocate:—Your editorial of recent date under the above heading deserves more than passing notice. Various cities and business organizations in many parts of the country have done the same thing. In one southern section, where the dairy cow was almost unknown, and one-crop farming the rule, a leading bank bought a fine Jersey cow and heifer and gave the cow as security. The result was that today that community is fast developing into a dairy section, the bank's deposits have largely increased, the merchants do a larger business and everything appears more prosperous as the result of developing the new source of wealth in food production for the human family.

Licking county is already a great dairy community, but capable of still further development. If the farmers are assured of a profitable market for their products, because dairying is an everyday job, Sunday and holidays included, and the farmers feel they deserve compensation for this very close application to business.

But there is another phase of the subject. In your paper of the same date, there appeared a half-page advertisement of a butter substitute, so cleverly worded and so appealing to the consumer—especially in the matter of price—that it could not help but attract notice.

The manufacturers of these various substitutes have conducted a vigorous campaign in the past few years to convince the consumer of butter, that their products are just as good and much cheaper.

Germany has just gone through a five-year period of using these various butter substitutes. No milk or butter since 1916, and thousands of her children have died, and thousands more starving from a lack of these foods. Even adults have virtually starved though still living. Mr. Hoover in reply to a recent inquiry, said that one-third of the \$200,000,000 he has collected to feed the starving children of Europe is being spent for milk and butter, the only food which will save many of them from death. Why does he not buy a ship load of this butter substitute, for he would get so much more for the same money?

Why do Newark people buy butter substitutes, made from tallow, cottonseed, coconut, peanut, soy beans and other fats which are neither so valuable or digestible as food, when Licking county produces such an abundance of dairy products. Here is an opportunity for the Farm Bureau, the Chamber of Commerce and the women's clubs to work in harmony for the upbuilding of this great industry right here in Licking county, and at the same time furnish the people the best food obtainable.

FRIENDLY TIES STRENGTHENED

President Harding Renews Bonds of Friendship at Statue Unveiling.

New York, April 20.—Renewed bonds of friendship among the American republics, with a consecration to peace and liberty as an example for a weary world, were pledged by President Harding yesterday at the unveiling here of a statue to Simon Bolivar, the South American patriot.

In the example of a prosperous family of states living together in peace on the western hemisphere, the president declared, the old world might well find inspiration and its policies along the line of progress and amity. To that reconstruction, he said, the American republics could also contribute in a material sense by giving of their strength sister nations across the sea.

Restating the Monroe Doctrine, Mr. Harding asserted that it never meant a policy of selfishness or narrowness, but was a charter of American independence to maintain which the United States was "willing to fight, if necessary." He added that the policy of the American republics must not err on the side of too great aloofness, and that in the present world chaos Pan-Americanism must mean "sympathetic and generous Americanism."

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel!

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one of two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

Ask Any of Us 10,000 Lumbermen Why We Prefer to Sell "Cornell"

WE have handled all other varieties from the cheapest to the costliest, and we never found another that gave such universal satisfaction for permanent walls, ceilings and partitions.

One reason is Cornell's "Triple-Sized" process which gives Cornell panels triple protection against moisture, expansion and contraction. This is why Cornell can be guaranteed not to warp or buckle if simple directions are followed. Anyone who can handle a hammer and saw can apply Cornell to the joists and studding or over damaged plaster.

Cornell's exclusive "Oatmeal" finish makes handsome interiors in homes, factories, offices, garages and stores.

Because of the "Mill-Primed" surface Cornell takes a perfect spread of paint or calcimine without the work and expense of a priming coat.

A HARBEN MEMORIAL.

A fund is being raised by the people of Dalton, Georgia, the birthplace of Will N. Harben, to endow some form of memorial which will perpetuate the name of the novelist in whom the South took such pride. At the time of his death last year the manuscript of Harben's last novel was in the hands of his publishers, Harper & Brothers, who brought it out recently under the title of "The Divine Event."

HOME INDUSTRIES.

In the old fashioned home a wide variety of industries was carried on. Back in pioneer days women wove their own cloth. Then when textile machinery was perfected, the home folks bought the material for clothing and the men made their own shoes or collected them. Everybody had a garden, and a great many people kept chickens. Many people even in great sized towns would keep a cow. The children helped in the general work and contributed to the family needs. These industries have built up American prosperity.

During recent years the father of the family was supposed to earn enough in an eight hour day so that neither he nor any of the family need carry on any other productive work. Vegetables could be bought at the grocery store, paying costs and profits to a large selling of dealers and workers. All clothing could be bought ready made, and the housewife need do little sewing. If the children wish to work, they can have the use of their own money, and spend it for candy and treats. It is considered no use to bother with poultry or gardens.

Modern machinery and efficiency system have made it possible for people to get more of the comforts of life and to cut down hours of labor. But there are limits to that tendency.

It is a costly way to live, and the outcome of such habits is a high level of prices. People have to be paid enough so they can live in this extravagant way. Then when prices are boosted up to this level, there is not capital enough in the country to do business on the inflated basis, high rates of interest result, and a halt has to be called on business.

The production falls off through such changes, prices of commodities get so high that people can't afford to lay as usual and industrial depression results, as has recently happened. Economic prosperity has not yet reached the point where all the old habits of home industry can be scrapped.

MAN WITH THE SPADE.

The poets have sung about the man with the hoe, but the man with the spade, the amateur gardener who says about now to raise some beans or dahlias, has not received proper attention. He is perhaps quite worthy of the poet's emotional lines.

The hoeman has swung his noble implement all his life at a calm and moderate pace. It is not a heavy tool, and he does not have to turn over any deep recesses of soil with it. His work is not overtaxing, and living on cheap and nutritious country food, he acquires a fine physical condition.

The spade man is called from his usual pursuits in stores and factories, to spade up the garden and rocky soil of his back yard. Great gobs of feverish perspiration soon arise on his heated brow. After he thinks he has finished his toilsome job, clad in hercol costume, calls from the shady porch that about a half more space is needed. By the time he finishes, he is worse used up than the hoeman after covering his broad acres.

Perhaps though, if the spade man would wait to his work instead of using the trolley cars or an automobile, he would not get so breathlessly exhausted after a little real effort.

JOHN BURROUGHS.

There are two kinds of naturalists. Some have an amazing genius for ascertaining and classifying facts. But they do not make natural science seem interesting.

Others see the poetic aspects of nature. They put a soul into the world about us, and make us want to know and love it. John Burroughs was that kind, and the world will keenly regret the passing of his fine and sym gathetic spirit.

Mr. Burroughs grew up in a time of artificial living and pursuit of false aims and dreams. He told people to live simple lives, to enjoy the beauty of nature about them, to study the marvelous works of God as seen in the physical world. He persuaded countless numbers of people to find this more wholesome interest. He was

a large factor in those tendencies toward simple and sincere living which are widely felt today. The world owes him very much.

BACK TO THE OLD OAKEN BUCKET.

Two years ago every train from the country brought into the cities young people lured by high wages then being paid. Today the return trips of these trains are bringing a lot of them back to the home town and the old oaken bucket that hung in the wall.

How will these folks adjust themselves to village life again? Some of them will condemn their home place as a dead town. Yet if it is dead, it is their own fault. The activities of the city whence they come are not due to their initiative. Some one provided them with these facilities ready made, and they only had to look and listen. Not much glory in that. But if they will take hold of the old village life with good city spirit they can get more out of it than out of any city pleasures. For they are doing things themselves rather than watching other people do them.

Germany's position seems to be that those destroyed French villages should be repaired by the French, as they had no business to be in the way of their army.

Girl with burning ears can't tell in these times whether some one is saying something against her or merely the high puff of getting hot.

No race suicide movement in Russia as the Lenin-Trotsky crowd is reducing the population fast enough to suit everybody.

Problem with some people in Newark is how to get enough sleep in their physician will feel conscientious to prescribe bed rest.

A lot of unemployed at the present time have plenty of time in which to show off their silk shirts they bought last year.

The trouble with this country at the present time, seems to be too many empires and too few female asylums.

People who desire to leave handsome romances, might well avoid reading automobiles on the public streets.

The politicians all favor reform, provided they are given good jobs putting it into execution.

"Why hello," says I, "how did you like the Sunday school?" I says, "Well," says she, "it wasn't much." BORROWED HUSBANDS
By MILDRED K. BARBOUR

LXXXVII.—A Bomb For Connie.

Nancy was standing in the waiting room of the railroad station, the center of the sea of humanity, when Constance Stanley came through the revolving doors.

She was accompanied only by a taxi driver laden with suit cases and hand bags.

"Hello!" Nancy greeted her. "Where is the private hotel?"

"Constance is under the weather today," Connie informed her eagerly. "We shall have to make our trip to New York without an escort."

"Not unless," laughed Nancy, and pointed to some smarting bug on her neck which had been fastened there by the initials of B. L. H.

"Whose is it?"

"The mother's, of course."

Constance stared.

"You don't mean—"

"Yes, Langwell is coming to New York to see me. He is even in the limousine now, saying goodbye to Betty."

"Nancy," Constance's voice suggested that she was beyond mere comprehension. "Have you taken leave of your senses? Do you mean to say that you are actually going to a conference about the country with a man like Langwell?"

"How ridiculous! Am I not faithfully charged by no less a person than the impeccable Mrs. Constance Stanley? Didn't Betty insist that the great man and I take the same train?"

"I wouldn't trust her," declared Constance. "She may be recommending a divorce, and want to marry me out of you."

"Don't be ridiculous, Constance! Betty is mad about the divorce. She wouldn't divorce him to save her soul. But if she did want to, she wouldn't have

to take a step without falling over evidence. That's obvious to the most casual observer. His trip to New York is nothing to be dramatic about. It was purely coincidental. The doctor was summoned to perform this operation at the same time that I decided to go home."

"I must say that you believe that."

Nancy looked down demurely.

"Well, not exactly. But it's a good sign, isn't it? And the doctor thinks the idea is really clever since he consented to anything he does is marvellous in his own opinion."

Constance made an impatient gesture.

"What do you intend doing about it?"

"I can't keep on flirting with him forever. He's not the sort of man to allow that. Remember, it's no good for a clever and unscrupulous physician."

"I shall teach him a lesson and send him back, humbled and chastened, to England."

"As I understand it, quite a few women have had the same ambition, but, like yourself, they were all foolish things."

"What and soon," promised Nancy.

"I'll do no such thing! I'm too good a friend of yours and Gert's to let

you go recklessly to destruction. I shall take a hand in this and show Dr. Frederick Barton Langwell just where he gets off!"

"Constance, you're becoming slangy. What a demagogical influence! I and Here I make you abandon your pet charity and dash off to Chicago; then I fix matters so you have to make the return trip in company with a fascinating and dangerous man; and now you've lost your beautiful vocabulary and have descended to the colloquial speech of us mortals."

With great dignity, Constance motioned her driver to follow her, and started majestically toward the train sheds.

"I only hope that you haven't added Major Desmond to this party," and said softly over her shoulder.

"Good heavens!" gasped Nancy. "I completely forgot to tell him that I was leaving."

LITTLE TALKS ON THRIFT

by S. W. STRAUS, President American Society for Thrift.

Three years ago at this time, every available patch of ground was being utilized for the increased production of food. The boys and girls of the land were cultivating small garden spaces and their efforts were encouraged and supplemented by the work of adults. As a result, a tremendous supply of additional food was produced and there was furnished a splendid manifestation of patriotic thrift.

The same energy and industry in the practices of thrift should exist today. Vacant tracts in our cities and towns and even in the rural districts should not be allowed to stand in idleness. And the kindred opportunity of teaching thrift, especially to the youth of the nation, should not be neglected.

At least a portion of our wartime thrift was purely a demonstration of patriotism. It fitted into the great scheme of winning the war. In the cultivation of war-gardens, the purchase of Liberty Bonds and Thrift Stamps we were largely actuated by motives of patriotism rather than of thrift. And this was rightly so, for in those days there was nothing finer than the glory of patriotism.

Today we as a nation should get down to the fundamentals of

thrift practice with the same intelligent enthusiasm that was demonstrated three years ago. We should not neglect the opportunities that are passing day by day. If we continue to do this we shall as a nation gradually drift back into the improvidence and extravagance which once was so flagrant that Americans the world over were singled out as exemplars of thriftlessness.

A great opportunity for teaching and practicing thrift lies at hand today. There are unsightly vacant places in every community that can either be used in the cultivation of vegetable gardens or made beautiful with flowers and shrubbery.

And it should be borne in mind above everything else that the intrinsic value of the food thus produced or the refining influences of the flowers and shrubs will be as nothing compared to the values of the thrift lessons that will thus be taught.

To inspire any boy or girl or man or woman with an appreciation of thrift and its manifold advantages is the most splendid gift that could be bestowed upon them.

Let us not neglect during these Spring days our opportunities for encouraging thrift.

Milady's Boudoir

Youthful Games for Beauty.

If it were possible for women to keep at the childish sports of their youth we might retain a great deal of beauty that we are all apt to lose after forty. It is after all, exercise that keeps us young in looks and of course, certain exercises are better than others. Would you be surprised if I told you that skipping a rope was one of the best things to hold beauty? I am sure you would be. It should not be carried to excess however, but done in an easy manner.

It does not matter where you live it is quite possible to indulge in the valuable childhood pleasure if you are sincerely in earnest in wishing to keep your figure supple and your face girlish looking. If you live in the country there are boundless opportunities for exercising in the open air, which will keep and restore your youth. If you live in the city there is bound to be some place where you can carry out this idea.

Select a piece of ordinary rope, the right weight to swing well in the air. At first you may find that your efforts are only breathless memories of childhood, but the skipping knack will soon come back to you. Never jump twenty times without stopping to take a long breath or so. Deep breathing is of course, the best of all exercises, but skipping rope just makes you take a deep breath. It weakens the sluggish liver, strengthens the weak muscles and causes them to become young again.

It brings color to the eyes and face and an added luster to the eyes. It makes your muscles hard and sets the blood to flowing through the veins. It makes the shoulders straighten for the lungs are filled with fresh air and that will bring up the shoulders to a straight line from shoulder to shoulder. So if you want youth and a beautiful looking face I say skip and the skip for it.

Our Boys and Girls

Food for children living in the country is mostly very different from what the little ones get who live in the city. In most large cities milk is bottled and inspected and certified, so that one may feel reasonably safe in using it for their baby. But on a farm it is less carefully looked after. While there is no doubt but what it is very fresh, it may be dirty and badly handled.

Cows from which a baby's milk comes should have had the tuberculin test, they should be kept clean and have a reasonably clean stable. The hands of the person who milks the cows should be washed before milking and the milk should be received in a perfectly clean pail. It should then be strained and placed in glass bottles with tight fitting caps. The bottles for a baby should be set aside in a place that can be kept below fifty degrees for from four to six hours if top milk mixtures are to be used. If not the milk may be made up for the baby as soon as it has been strained and cooled. Do not give a baby warm milk direct from the cow.

Everyday Etiquette

Fires Cross Petition.
Josephine Goodin filed an answer and cross-petition in probate court this morning through her attorney, B. B. Smythe, denying the allegations of the petition of Harlan Goodin. For cross-petition she charges gross neglect and cruelty. Mrs. Goodin asks the court for divorce and for an injunction to prevent Mr. Goodin from selling his property pending the settlement of the suit.

Injunction Made Perpetual.
In common pleas court today a perpetual injunction was granted restraining the township trustees from tearing down a fence along the public highway. The decision was made in the case of Mary Bolen against the township trustees.

ATTEMPT MADE TO FIRE PLANT.
Youngstown, April 20.—Employees of the Morris Ungar corporation, manufacturing metal products, chiefly stove pipe, found piles of oil soaked kindling and waste through the buildings when they reported for work today. Some of the piles had been fired but failed to set the factory afire. Police are unable to find a motive.

TIMKEN PLANT REOPENS.
Columbus, April 20.—After a complete shutdown of five months, the Columbus plant of the Timken Roller Bearing company resumed operation on a reduced scale today. Announcement was made that the force will be increased until 1,000 men are employed.

PUGALIST ARRESTED.
Cincinnati, April 20.—Pursuing a gang of auto bandits last night, police were led to an open door of a telephone plant, and a search for the fugitives resulted in the discovery of a hole through a cellar wall into an adjoining cellar, through which cases of whiskey sufficient to fill an automobile truck had been stolen. Frank Strum, known throughout Ohio as a welterweight pugilist, ran from the building into the arms of a waiting policeman.

PRESIDENT WILL SPEAK.
Washington, April 20.—President Harding has accepted an invitation to deliver an address in New York City on May 25 at an anniversary celebration of the New York Commercial, one of the oldest newspapers in the country.

LITTLE TOTS BEG FOR THAT CRUST YOU THROW AWAY

European Girls and Boys Will Go Hungry and Many of Them Will Die If We Do Not Help.

If a little boy or girl, gaunt and pale from hunger, clothed in tattered fragments of castoff clothing, came to your home and begged a crust of bread, such as you toss into the garbage—what would you do?

Of course you would open your heart and pocketbook and give aid and comfort to the little tot.

There are three and a half million such sufferers in central Europe today. They are holding out their hands, begging pitifully for just enough food to keep themselves alive.

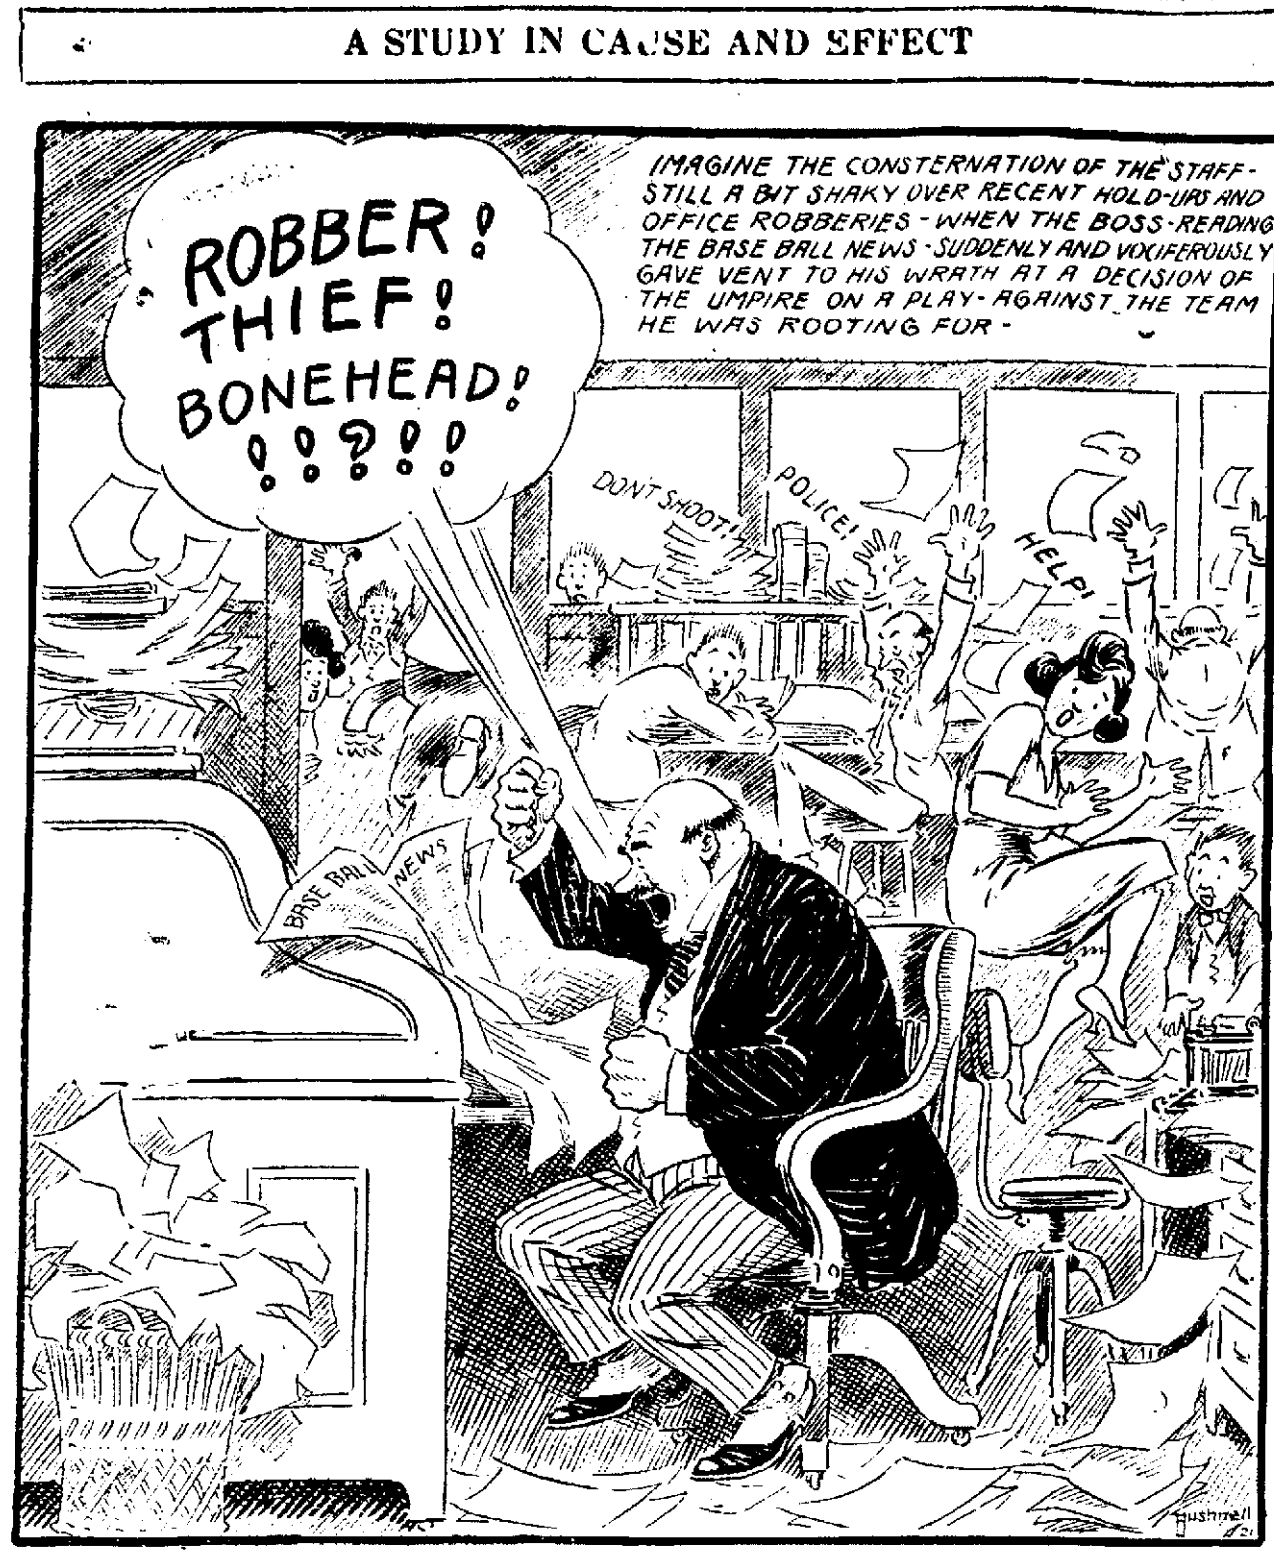

America is the only nation with the means—and the heart—to afford relief. This relief is being extended through a committee headed by Herbert Hoover who won fame in Belgium when that country was overrun by Germans.

Newark and Licking county has been asked to care for 1280 of these hungry little ones. Some of them already have been provided for by various agencies and by various contributions but more than 1000 of the city and county quota must be fed through funds raised here.

The Licking county committee for European relief is preparing its plans to receive pledges of "adoption," which is the method thought best to handle the matter. No drive or campaign will be conducted but the county through various agencies will be asked to assume the responsibility for providing food and clothing for these needy children on the basis of \$10 each.

By reason of the perfect system used in distribution of relief in Europe, the cost of sustaining one life until the harvest this year, is fixed at \$10. In other words, that sum will insure food for one sufferer for the period necessary.

There is no doubt of the need. Reports through government agencies, through magazine writers, and through other personal investigations emphasize the need. The city and county will do their part.

MISS WHITE KEEPS

CHARLES IN TRIM. "Jimmie" may play the young and dashing on the stage with her "kid" parts, but she is not as frivolous in thought as her acting would make you believe. It takes a long time for her to get into the groove of giving a performance, but Miss White believes in giving a performance to her and approval of any method that will raise the efficiency of her chorus girls, when "Jimmie" will present at the Auditorium theater soon.

IODINE HEALS
RUNNING SORES,
QUICK RELIEF

Old Sores, Abscesses, Boils, Ringworms, Chronic Ulcers, etc., are best treated and most quickly healed by the application of Iodine, says a well known authority who also states that the widespread use of Iodine in any medical corps, has thoroughly proved its great value. He warns, however, against the use of common tincture of Iodine, because in this form it irritates and lacerates the skin. The new form of Iodine, "Lanated Iodine" comes in the best form for such purposes. This comes in the form of an ointment and is practically, stainless, will not irritate, and is readily absorbed by the tissues. In the Lanated form, Iodine is easy and pleasant to use and every disagreeable feature has been removed. It quickly penetrates, soothes, cleanses, and heals, and is really delightful. Nearly all local druggists now sell and recommend Lanated Iodine. Try it. We believe nothing has ever used will prove so effective and satisfying.

GREENSBURG MACHINIST DROPS
A THOUSAND DOLLARS EASY

Spent His Money Uselessly Trying Different Remedies to Rid Himself of Digestive Troubles, But Had No Success Until He Tried Nerv-Worth, and This Soon Ended Indigestion.

"I have spent at least a thousand dollars in an endeavor to rid myself of indigestion and stomach trouble, which I have had for 20 years, but got no results. My stomach and digestion together with extreme nervousness, caused me to lose much valuable time. For the last 11 years I have been a machinist foreman of the Kelly-Jones Co., Greensburg, and my time was worth money. I was compelled to say to my wife, 'I am not going to work any longer, I am too old and my health is too poor.' Doctors and they could give me only temporary relief. Finally I saw Nerv-Worth advertised, and determined to try it, and I am glad to say that now after using only part of a bottle I am no longer troubled with indigestion or nervousness, and I have gained in weight instead of losing

weight, as formerly. I can eat anything I want when I want it, and I thoroughly enjoy my life. I most cheerfully recommend Nerv-Worth to all, for it has done more than the makers claimed for it." Thus wrote J. P. Smith, who resides at 122 N. Maple Ave., Greensburg, Pa. You will find that if you suffer as Mr. Smith suffered, Nerv-Worth will quickly give you health. It will aid and benefit your whole digestive system, relieving your nervous condition, and tone and invigorate you throughout. If it doesn't benefit you after you have taken your first bottle, your money will be refunded. Sold on a money-back guarantee by T. J. Evans and all leading druggists everywhere. 4-20-61

A Woman's Message to Women:

COSMOPOLIS, WASH. "Three years ago I was sick from a severe public trouble, for which I had an operation, but was not relieved of my suffering, and was told nothing more could be done to improve my condition. My husband found your ad. in the paper and ordered a sample, and upon receiving it, immediately bought a full course of your Opaire Treatment, which I used as directed, and I am a well woman today. I certainly do recommend your treatment very highly for I positively know what it will do, and how others will see as I do." MRS. C. A. ARONSON.

R. F. D. No. 8, DATAVIA, N. Y. "I am sending you the Opaire Treatment for my daughter, as I have used it myself and know what it will do. I was a terrible sufferer from female disorders, ulceration and weakening drains, and dragged around for two years. Then I used your treatment, and at the end of two months I was perfectly healed and have never been troubled since, so I can't praise your medicine enough. Use my name, and I will help anyone else to get well, and I know it will if they use it right." MRS. H. S. PARKER.

Only a Woman Knows a Woman's Trials and Understands Her Need of Sympathy and Help. That is why hundreds of women gladly testify to the value of Mrs. Summers' popular Opaire Home Treatment in relieving so much of the misery and suffering known only to womanhood. READERS, if you are troubled with some of those special ailments of women—SEND FOR A FREE TEN DAYS' TREATMENT with illustrated, descriptive copy of "Women's Own Medical Adviser." Test Mrs. S. says Opaire Remedy for years. In your home, without the knowledge or aid of anyone. You can then continue if you wish, at about 12c a week. For twenty-five years women reported it satisfactory, and often superior to vegetable tonics and compounds. Used by old and young and does not interfere with daily work. Write in confidence, as your letter is opened, read and answered by a woman. For the Free Trial, address THE SUMMERS MEDICAL CO., Women's Dept., O. South Bend, Ind. STEWART-EDWARDS
THE ADAM & WILSON BUILDING, NEWARK

his up-bringing—all of which is a good thing for the youngster.

"When he is twenty-five Monte (still "Fatty" himself) who is now an orphan struggles along on a slim salary as a clerk in a steamship office. After a series of incidents in which his poverty is accentuated and his efforts to make both ends meet take on an extremely humorous aspect to the audience, it comes about that Grandfather Brewster offers to make a gentleman of his grandson, and presents him with a million dollars.

The other grandfather makes a counter proposition to Monte, to take him into his business as an active partner, and give him five million dollars, if at the end of the year he is absolutely broke. How he carries out this compact, spends the million and experiences the strangest tricks of Fate, rounds out the story in an hour and a half of riotous laughter. The entire program continues over tonight.

NESSUE HAYAKAWA VEHICLE TELLS GRIPPING STORY.

Unintentional and the true love of a man who gives up the girl he loves to save her from unhappiness, is the motif behind the story of "Li Ting Lang." A Holmstrom-Cole Special, featuring Sessue Hayakawa, which will begin a run of two days at the Grand theater, beginning tomorrow.

In "Li Ting Lang," Mr. Hayakawa is seen as a Chinese student in an American university. To his college chums he is affectionately known as "Old Ting-Ling," meets and falls in love with Marion Halstead, a beautiful young American girl.

Marion in turn falls in love with the student, who, it develops, is a Chinese Prince. To save her from the disgrace of social ostracism, "Old Ting-Ling" releases her from her engagement. Heartbroken with his former friends turned against him, Li Ting Lang contemplates suicide. Shortly after he is found by the Chinese prince, who, some time later, while in China on her honeymoon, Marion recognizes in the leader of the Chinese republican army "Old Ting-Ling."

The story of "Li Ting Lang," adapted from the Green Book magazine story by Howard P. Ketchy, is one of the most dramatic in which Mr. Hayakawa has appeared for some time. He is supported by an excellent cast among whom are Doris Pawn, Marc Robbins, Allan Forrest, Frances Raymond and Charles E. Mason.

ELAINE HAMMERSTEIN ON SUNDAY AT GRAND THEATER.

Things are not always what they seem," and when John Kirby saw a man he both disliked and mistrusted, placing a string of pearls about the neck of his wife, he naturally jumped at conclusions. See the results of his hasty judgment in Elaine Hammerstein's next picture, "Poor Dear Margaret Kirby," at the Grand theater next Sunday.

GEORGE WALSH MAKES HIT IN LATEST ROLE.

Startling realism comes with romance to make "Number 17," the new William Fox photoplay starring George Walsh, a great success. It opened an engagement at the Alhambra theater yesterday.

The title will be recognized by fiction lovers as that of a famous novel by Louis Tracy. The picture play traces with great fidelity the thrilling story, with its dozens of exciting situations, in the New York underworld. It tells of the great danger a young author ran through his love for a girl whose life was being sought by Chinese criminals who were plotting to restore the Emperor in China.

All Americans who had contributed to the revolutionary funds were in danger. Practically all the scenes are laid in New York—the New York bright lights, where hearts are gay, and the New York of the dark corners, where hearts are black.

George Walsh is very much at home in the part of Frank Theodion. It is a fine role for him and his success in it proves his versatility, for it is seldom that he is seen in a story of metropolitan life as a member of the "inner ten." Mildred Pearson is charming in the role of Evelyn Forbes, the girl for whom Frank Theodion risks his life. She possesses the combination of beauty and cleverness. Harold Thomas is convincing as Wong Li Ku, and the other characters are ably handled by Chas. Musette, Lillian Peck, Louis R. Wolheim, Charles Slattery, Jack Newton, Spencer Charters and Lillian Griffith. This feature stays over tonight.

MARGUERITE CLARK IS COMING IN "ALL OF A SUDDEN PEGGY."

Marguerite Clark is coming to the Auditorium theater for two days beginning Friday in a delightful screen comedy called "All of a Sudden Peggy." The title refers to the vivacious little heroine. She is the daughter of Mrs. O'Mara, widow of a deceased scientist, and has accompanied her mother to Hawthurst, estate of Lord Crackenhorpe. The nobleman is writing a book on spiders and has invited Mrs. O'Mara in order to consult with her. His mother, Lady Crackenhorpe, however, suspects that Peggy has designs on him and summons her younger son,

Jimmie, to divert the girl from her purpose.

He succeeds so well that he falls in love with her. In reality, Peggy is trying to arrange a match between her mother and the lord. Mrs. O'Mara will not marry as long as Peggy is unprovided for. So, to promote the match, the girl pretends to have been kidnapped and follows him to his apartment in London to keep up the illusion. Matters thereupon get into a complicated mess, but finally turn out happily for all concerned.

Miss Clark's leading man is Jack Mulhall and the cast includes Lillian Leigh, Orval Humphrey and Eddie Sutherland. The picture is a Paramount Aircraft and was directed by Walter Edwards.

STAR IS AN AMATEUR DETECTIVE.

In Charles Ray's new picture, "A Village Sleuth," coming to the Alhambra theater next Thursday, an escaped convict goes in a private sanitarium in search of a rest and gets just what he's looking for. Arrest. Moreover, Charles Ray is the means of bringing about his capture. The youthful star has the role of a country lad, with ambitions to become a detective. His initial efforts in the sleuth line on his father's farm do not result very successfully, so he goes out to seek a wider field. In the sanitarium, where he secures a job as chore boy, the amateur Sherlock Holmes encounters a mystery and not only solves it, but wins a pretty girl as well.

"A Village Sleuth," which was produced by Thomas H. Ince for Paramount release, was written by Agnes Christine Johnson and directed by Jerome Storm. Winifred Westover is the leading woman.

Any man is willing to admit that he has more brains than money.

DELICATE LADY
GAINED 15 POUNDS

She was thin, pale, weak, no appetite, couldn't sleep, constipated and bilious. Declares Dreco worked wonders. Dreco now sells at the old price.

It is surprising that people who suffer exactly like those who have obtained relief will continue to go on in a rundown state, especially when it is so easy to get Dreco, the medicine reported to accomplish such grand results. Such people should read the following report given by Mrs. Lucy McKenzie of 150 6th St., Newark, O.

"I was in a very rundown condition and it seemed that I had lost all my energy and strength. I had no color in my cheeks, was listless, weak and thin. I didn't care for food, was so nervous I couldn't sleep and had to take medicine every night for the constipation and biliousness.

"Upon the recommendation of a friend I got some Dreco and the first bottle did me a lot of good, so I got another. I can safely say my health is now better than in years. I've gained fifteen pounds in weight, feel good all the time, have good color, a bit of appetite, sleep well and the constipation is entirely relieved. That is what Dreco did for me."

All good druggists now sell Dreco and it is being especially introduced in Newark, Ohio by Evans' Cut Rate Drug Store.

The worst thing about an obstacle is that it is always in the way.

INSTANT RELIEF FOR SORE FEET

Stop Burning, Stinging, Itching, Re-
duces Swelling and Disperses all
Odors with First Application
of Hydrosol.

There is no need for anyone to suffer
from sore, tired, aching feet that sting
and smart and burn as the days grow
warmer.

The first application of Hydrosol
Liquid will give glorious relief. The
burning and smarting are gone almost
instantly. A cool soaking with it at
night after a hard day takes away the
pain and usually reduces the swelling
so that you can start the next day
fresh and free from soreness. Hydrosol
Liquid is the best foot treatment
known. It cures pain and soreness,
stops inflammation, conditions, always
itching feet, aches, sweaty feet, and
makes the skin soft and smooth instead
of rough, red and inflamed or dry.
For sale by W. A. Egan and
most first class druggists at 25 and 50
cents per package or sent by mail
postpaid to out of town readers on re-
ceipt of price. Address 5513 Hydrosol

Inspects Fredonia Lodge.
District Lecturer H. H. Harris made
a trip to Fredonia Tuesday evening to
inspect Fredonia Lodge No. 154, F. & A.
M. He was accompanied by about 25
local Masons.

Case Is Dismissed
The case against E. J. Russell,
charged with driving a machine while
intoxicated, was dismissed in municipal
court Wednesday afternoon for want of
prosecution, there being no evidence to
support the charge. Dr. Russell's ma-
chine skidded on the wet pavement in
11th street Sunday, striking the curbs-
tone and wrecking one of the wheels.

Pleads Not Guilty.
The charge of 24th street was
arrested this morning about \$20 by the
purity squad. Officers Hurburgh, Don-
nelly and Stewart, on warrant filed by
Chief of Police Sheridan. Forfeitures
is charged with the sale of intoxicating
liquor. In municipal court, he pleaded
not guilty and the case was set for
hearing for Monday afternoon at 1
o'clock.

Convention Unchanged.
Mrs. W. A. Mouch of Muncie, Indi-
ana, was called here on account of the
serious illness of her father, William
Weatherhouse, who was stricken with
paralysis Friday at the home of his
daughter Mrs. George Bolton Schmitt
in North Fourth street. Mr. Weather-
house's two grandsons, William and
Wilbur Mouch of Columbus are also
here. His condition is critical and re-
mains unchanged.

NEED TWO MORE ENUMERATORS

Applications Will Be Re-
ceived By Superintendent
to Take Census of Chil-
dren of School Age.

At the Board of Education meeting
last night the question of appointment
of two additional enumerators for the
annual school census was taken up.
Planes for two of the four enumerators
used in the work are given at the pres-
ent time and Superintendent O. J.
Barnes will receive applications for the
position. The enumeration is held the
last two weeks in May. Between \$12
and \$15 is received from the state for
each school child enumerated.
The board received the \$20,000 worth
of city bonds offered by City Auditor
Clifford Frye, not being in a financial
position to take them. The payroll for
teachers, janitors and officers for April
was approved.
Announcement was made of the ap-
pointment of Miss Levene Hayes to suc-
ceed Mrs. Mildred Crouse as clerk to
Superintendent O. J. Barnes. Mrs.
Crouse was recently married but has
retained her position until a successor
could be secured. Miss Hayes is a
graduate of the high school and will
take up her duties May 23.

The East End Volunteers of St. Paul's
church will postpone their meeting un-
til April 28 at the home of Mrs. Robt.

MRS. M'BRIDE DIES SUDDENLY

Granville Woman Is Summoned Early Wednesday Morning—Body Will Be Taken to New York For Burial.

(Special to the Advocate.)

Granville April 20.—Mrs. Laura M. Bride, 74, died suddenly early this morning at the home of her daughter, Mrs. Addie Sellers, in North Pearl street. Only a prayer service will be held at the house before Mrs. Sellers' son, Charles, and her daughter, Laura, start for Whitefish, New York, where funeral services will be held. Mrs. McBride leaves one daughter, two grandchildren and one brother, whose home is in New York.

The closing session of the spring meeting of the Denison board was held this morning. Among matters of business last night was the reading of the resignation of Dr. C. J. Rose from the board, which was not accepted. In view of his services to the board, his membership will continue until his term expires. Resident members now are Dr. Rose, J. M. Swartz and Burton Cook.

The kindergarten board consisting of mothers of the children now in kindergarten were entertained Tuesday afternoon by Mrs. C. D. Coons at her home. While the occasion was largely social, plans for financing next year's work were discussed. The sum of \$1,000 was required during the past activities of the board. A vote of commendation was passed expressing the appreciation in which the women hold the work of the teacher, Miss Eleanor Joy Curran, as a valuable community asset. Refreshments were served by the hostess.

The annual contest between the two literary societies of Denison academy, the Cicero and Irving, will be held this evening in Denison hall at 7:30 o'clock. This contest, always held warmly, has become historic through many college generations, and the high school is always packed. On the program this evening is to be a debate by Homer Shible (Irving) and David White (Cicero); orations by Ernest Smith (Cicero) and Paul Hopkins (Irving); essays by Almon Wright (Irving) and Joseph Speicher (Cicero); declamations by Carl Watkins (Cicero) and Donald Houston (Irving); Dr. H. R. Hundley will preside, and Prof. D. Spencer will offer the invocation.

Mrs. John McClain, president, announces a meeting of the W. C. T. U. Friday afternoon at 2:30 in the community rooms. An interesting program will be presented.

Grove B. Jones, soil expert for the government, who with his family, has spent the winter in Granville at the home of his mother, Mrs. B. I. Jones, left Tuesday for Greensburg, Indiana. Mrs. Jones and the little daughter will remain for a few weeks longer.

Mrs. T. M. Kier entertained the Winter Picnic club today at her home in Centerville.

Harry Amos, '89, of Cambridge, a member of the Denison board of trustees, is the guest of his sister, Chloé Howard Lewis, '00, and David Green, '97, Denison trustees, of Toledo were in the village for the board meeting.

Dr. Ambrose Swasey of Cleveland, president of the D. E. board of trustees, Cyrus Eaton of Cleveland and Edward Conby of Dayton were guests of the president and Mrs. C. W. Chamberlain yesterday and today.

Mr. and Mrs. Charles Deets entertained their son, Col. E. A. Deets, and Judge B. F. McCann of Dayton. Dr. Millard Bradford '97 of Cleveland arrived yesterday and spent the evening between sessions of the board with his son, Ernest, a student in Denison.

The Pyramin Sisters met Tuesday evening in the lodge room for initiation and inspection with about 30 members and guests present. Mrs. Mary Harbaugh, M. E. C. president, and inspection was made by Mrs. S. H. Shillito of Mr. Vernon, initiators were Mr. and Mrs. Jay Davis, Beatrice Griffin, Brent Griffin and Lee Williams. At the close of the program luncheon was served to the strains of an orchestra of Denison boys. Twenty-three from the Alexandria temple were present.

The Granville high school baseball team defeated the Summit high school team on the home grounds. Tuesday afternoon by a score of 10 to 6. The Junior high school team played the Alexandria Juniors in that place today.

The Third M. S. and L. will meet Thursday afternoon at 2 o'clock at the home of Mrs. S. H. Rockwood in South Mulberry street for a picnic supper.

Mrs. George Richardson of the Lancaster road was taken to the Newark City Hospital Tuesday for an operation.

Fernando Hoffman of Dayton and L. D. Zollars of Canton were among the D. E. trustees present at the meetings yesterday and today.

The civic improvement committee, Mrs. Hines, Mrs. J. W. Ackley, Mrs. F. P. Robinson and Miss Roe, held a meeting Tuesday evening and fixed the annual spring cleanup for Wednesday, May 4. Hand bills will be distributed explaining the requirements.

Dr. Alfred D. Cole, head of the physics department in Ohio State, formerly head of the same department in Denison, attended the meetings of the Denison board Tuesday and Wednesday.

Mr. and Mrs. Ira Perry, who have spent the winter and spring in California, returned home Tuesday afternoon, having spent some time on the way in visiting relatives in Iowa and other midwestern points.

Mrs. J. D. T. Bell is spending two weeks in northern Ohio visiting Cleveland her former home at Oberlin. She will also be the guest of her daughter Miss Hannah Bell who is a teacher in the schools at Amherst.

GOOD PROGRAM FOR ATHLETICS

Basketball Banquet Has Cabaret Features Which Entertain Players of Industrial League Trophy Is Awarded.

About 75 were present at the Industrial basketball banquet last night to help close the season appropriately. A fine menu was served the players and fans. The program was much bigger this year than last and was enjoyed by all.

Toastmaster Weld announced the telegram concerning Newark's share in the building of a home for aged athletes to which Archie Goodwin responded quite readily. It was a case of "have to" because the chair on which Goodwin sat was changed.

Mr. Gelfer, violinist at the auditorium, with his accompanist, Mr. Reynolds, gave two numbers, "Liebesfreud," and "Souspir." The presentation of the Wilson trophy cup to the Heisey team was made by Mr. Bogow of the Norton store. Fred Jones of the Heisey team responded.

The medals and other awards for the all-around championships held recently at the Y. M. C. A. were presented by Mr. E. Dickinson representing the physical department committee of the Y. M. C. A. The all-around champions, Arch Goodwin, Fred Schenk, and William Smith were given the highest awards for classes A, B and C.

John Lane, winning and fixing the night with his lever back and wing dining. Secretary Gleason spoke on "Gleason Together" emphasizing the fact that the Young Men's Christian association in the past two years has made athletics a real part of Newark's life and urged more co-operation on the part of the participants and boosters of the Twilight and Industrial leagues that the association may be even of better service and have a larger part in community activities.

Al Henry closed the evening's program with his famous song "Kaydill is the Candykid."

ELKS GLEE CLUB IS ENTERTAINED AT DINNER

Tuesday evening the Elks club entertained with a six o'clock dinner at the banquet room of the club for the members of the Elks glee club.

Short talks were made by Ellsworth Smith, director of the club, Carl Myer its president, Dr. J. T. Lewis, James R. Cooper, Attorney Howard Jones and M. J. Back. A splendid menu was served and it was determined to hold picnicals every Thursday evening.

The club will sing at the dedication of the new Elks home at Lancaster, May 17.

A BYESVILLE MOTHER

PRaises Thurber & Yeo's Herb Wonder For The Good It Did Her Boy

Says This Grand Herb Medicine Cured Her Son of Bladder Weakness and Stomach Troubles—Is Willing Her Name Should Be Used If It Will Help Others.

In a signed statement, Mrs. Sarah English, 52, Peters avenue, Byesville, Ohio, says Thurber & Yeo's Herb Wonder cured her young son of a distressing weakness of the bladder and stomach trouble.

These few words tell the whole glad story. Herb Wonder is not a patent medicine, but a carefully prepared compound, made from selected roots, barks and berries, that go to the seat of the trouble and remove the cause. Its action in constipation and stomach trouble is marvelous. It is a mild laxative, and helps the kidneys and bladder carry off the poison that causes rheumatism. 50c a bottle, 6 bottles \$2.50. For sale in Newark by T. J. Evans' Drug Store and all good dealers everywhere. 4-20-21
